

First Announcement International Conference on Animal Nutrition 2019

Nutritional Strategies for Improving Farm Profitability and Clean Animal Production

17 - 19 December, 2019

Organized by

Department of Animal Nutrition

West Bengal University of Animal and Fishery Sciences

37, K B Sarani, Belgachia, Kolkata-700 037

In collaboration with

Animal Nutrition Society of India

Invitation

It is an immense pleasure for Animal Nutrition Society of India to cordially invite you in its XVIII Biennial Conference, 2019 (INCAN 2019) on the theme "Nutritional Strategies for Improving Farm Profitability and Clean Animal Production" being held at Kolkata during 17 to 19 December, 2019. Livestock sectors plays a very important role in the economics, social and nutritional well being of people in the developing country, which often figure as an important component in rural development and poverty alleviation. Yet productivity of livestock and per capita availability of animal products are not at par with developed countries. There is scope for large scale improvement in productivity, quality of animal products and economic return from livestock farming. As feed cost alone comprises 70% of the total recurring expenditure of livestock farming, it is imperative to say that the productivity and profitability of livestock farming cannot be improved without balanced feeding and improved nutrition. Whilst number of technologies pertaining to improvement in utilization of conventional feed resources is available on hand, advantages of modern biotechnological tools must be reaped in order to maximize benefits. The quest for novel feed additives and nutraceuticals should be continued so as to improve health, welfare and productivity of animals. A better understanding of the roles of micronutrients in metabolism, unveiling the underlying molecular basis and judicious application of these micronutrients under field condition would be of paramount importance to improve livestock productivity and profitability of livestock farming. Finally, present day animal production system can no way ignore the carbon footprint that they leave behind, thus all technologies that are developed should be clean and safe. The theme of the present conference was developed to address the above issues. Number of eminent Academicians, Scientists, Scholars, Students, Policy makers Industrialist, Entrepreneurs and Farmers are likely to attend the conference from India and abroad. A series of theme talks, technical sessions, and round tables will be delivered during the conference.

Venue

The venue of the conference will be at Biswa Bangla Convention Centre (BBCC), New Town, Kolkata, West Bengal, India. The BBCC is one of the largest convention centers in South Asia and has many quality hotels around.

Travel

Kolkata, the city of joy, is well connected to major cities of India by road, railway and air. The venue of the conference (BBCC, New Town) is 7 km from Kolkata Airport, 25 km from Howrah Railway Station and 14 km from Sealdah and Kolkata Railway Stations. You can avail one of the cab services such as City Yellow Taxi, Ola, Uber to reach the destination.

Accommodation

All the accommodations will be arranged for delegates in private hotels close to venue on payment basis. All the delegates are free to make their own accommodation. The organizer will arrange University and Government guest houses for retired professionals and SAU teachers on first cum first serve basis. Payments to private hotels have to be done directly to the respective hotel. For request of accommodation and any other issues related to accommodation please contact Prof.

Pradip Das (+91-9432642502; Email: incan2019@gmail.com; gpmandal1@gmail.com). Students and PG scholars will be provided accommodation in hostels on prior request only with minimum charges.

Weather

Weather in the month of December in Kolkata is pleasant, the average temperature usually ranges 13 to 27°C. Delegates are requested to carry adequate woolen clothes.

Technical Sessions

The symposium will be conducted for three days and will be comprised of key note addresses, lead papers and technical sessions for oral and poster presentations.

Abstract Submission

All the participants from India as well as abroad are requested to submit their abstract (in extended format) not exceeding 800 words through website (<http://www.incan2019.com>). The abstract should be on original research work related to the above thematic areas for oral and poster presentation. The last date for abstract submission is **15th November, 2019**. Authors will be informed for the type of presentation (oral/poster) shortly after submission.

Registration Fee

Delegates are invited to register through online registration system (<http://www.incan2019.com>). The registration fees may be remitted through website (online payment gateway) or to **A/C 774802010003539** in the name of **INCAN 2019** maintained with the Union Bank of India (IFSC Code: UBIN0577481), Belgachia, 68, K B Sarani, WBUAFS Campus, Kolkata-700 037. It is requested that a short name of the applicant should also appear in the NEFT transaction receipt so as to enable the easy reconciliation of the individual payment.

Delegate	₹ 8,000
Corporate	₹ 8,000
Student*	₹ 2,500
Accompanying Person	₹ 2,500
Foreign Delegate	\$ 300

****Students are requested to submit a certificate from the HOD/Dean of the college for their bonafide status.**
