PRODUCTIVITY UNDER CHANGING
CLIMATIC CONDITIONS”**

20.11.2019 to 22.11.2019

Organized by

HEALTH DEPARTMENTS

Veterinary College and Research Institute
Namakkal – 637 002, Tamil Nadu, INDIA

Dear Veterinary Professionals,

It is a matter of immense pleasure to invite you for the International Conference on "CURRENT SCENARIO AND FUTURE STRATEGIES OF DISEASE CONTROL FOR AUGMENTING LIVESTOCK AND POULTRY PRODUCTIVITY UNDER CHANGING CLIMATIC CONDITIONS" scheduled to be held from 20.11.2019 to 22.11.2019 at Veterinary College and Research Institute, Namakkal, Tamil Nadu, India. This scientific conference is organized by the Health Departments of this Institute with the objective to strive and stride for sustained livestock and poultry health.

ABOUT THE COLLEGE AND UNIVERSITY

This Institute has been found to be striving for uplifting the farming community by augmentation of the poultry industry and has had a humble beginning in the year 1985. At the outset, this institute was erstwhile functioning under the Tamil Nadu Agricultural University (TNAU), Coimbatore and in due course, back in the year 1989 it became a constituent unit of India's first Veterinary Varsity, the Tamil Nadu Veterinary and Animal Sciences University (TANUVAS). Over thirty three years, the College had excelled in its own right as a professional institution, producing internationally renowned veterinarians and scientist, and has been bestowed with the award of Best College of TANUVAS for the year 2016.

The mandate of this Institute embraces education and training in various facets of veterinary and animal sciences, in order to advance technical and professional manpower, research and development. This institute has won wide acclaim for our innovative and extensive research paradigms that stand acknowledged among the contemporaries. Schemes sanctioned by various funding agencies viz., ICAR, NADP, DST, TNLDA etc. and several student projects have been successfully completed. State of the art facilities which include real time PCR, Nano drop, GelDoc, Animal Cell culture facilities, molecular parasitology laboratory established under DBT-BBSRC, Centralized Clinical Laboratory equipped with various diagnostic tools like haemo and biochemical auto analyser TANUVAS has active collaboration with research programmes from various overseas Universities.

THEME AREAS

1. Emerging and re-emerging diseases of livestock and poultry
2. Diagnosis of diseases in livestock and poultry
3. Current strategies in control of livestock and poultry diseases
4. Impact of climatic changes on Livestock and Poultry diseases and productivity

SUBMISSION OF ABSTRACTS

Abstracts limited to 250 words typed in 12 font size (Arial, Microsoft word) in 1.5 line spacing may be sent via e-mail as an attachment on or before 11th October, 2019. The abstracts should contain the objectives of the study, brief methodology, results and conclusions. Selected papers will be considered for oral presentation and the remaining will be allotted for poster presentation. Poster should be 900 mm x 1200mm in size and displayed in landscape format. The name of the presenting author should be marked in bold and underlined. Abstract will be accepted only after paying Registration fee.

The following eminent lead speakers who are going to participate and share their experience are:

Dr. Bhushan M JayaRao Director ADL Penn State College of Agricultural Sciences, USA.	:	Veterinary Public Health

Namakkal is very well connected with the nearest Salem, Karur Erode railway stations from all over the country. Frequent buses are available from Salem, Karur and Erode to Namakkal. The nearest air ports are located at Trichy (85Km), Coimbatore (160 Km), Madurai (185 km), Bangalore (250 Km) and Chennai (340 Km). Arrangements will be made for participants to reach the venue of Conference upon request.

Three star hotel accommodation facilities are available at Namakkal town with the tariff of Rs.1500 to Rs.4000 (A/c) / head /day. Limited accommodation available at institute campus on first come first serve basis with tariff of Rs.250+tax (non-A/c).

PLACES OF INTEREST

Namakkal, the district headquarters is popularly known as "Egg City" as the chicken layer industry is well established with a phenomenal population of more than 50 million birds in this zone. The city is one of the big commercial centers boasting the transport and lorry body building. There are two rock cut cave temples located on both sides of a hillock dedicated to Lord Shri Lakshmi Narasimha and Shri Ranganathar. The Anjaneyar temple houses the largest Hanuman statue (18 feet) which is highly reserved. The district has a number of tourist sites of interest such as waterfalls in Kollihills, Aarthanareeswarar hill temple in Tiruchengode and Ranganathar temple in Namakkal fort.
