Invitation

Dear Colleagues,

It's our proud privilege to extend a delightful and cordial invitation for the 32nd National Congress of Veterinary Parasitology (NCVP) and National Symposium on "Sustainable Control of Parasitic Diseases for Improved Productivity of Livestock in Current Scenario" organized by Department of Veterinary Parasitology, Bihar Veterinary College, Bihar Animal Sciences University, Patna-800014, Bihar from 29 November-01 December, 2023. The organizing committee is eagerly looking forward to welcome you at the historic place of Patna.

The Symposium is open for scientific faculty, field veterinarians, research scholars and post graduate students in the area of Veterinary and Medical Parasitology.

Focal Theme

Parasitic diseases are major constraints to health and productivity of livestock. These diseases cause significant economic loss, cause adverse impact on animal welfare and can also become threat to some endangered wild animals. Some parasites are potentially zoonotic having public health significance. The great challenge in the coming decades for livestock is to produce high quality food for the nutritional security of the society. The control of parasitic diseases relies mainly on proper diagnosis by employing conventional as well as advanced techniques. After accurate diagnosis, the curative and prophylactic control measures can be properly adopted. The resistance to anti-parasitic drugs has also become a subject of serious concern now a day. In current scenario, where the chemical control measures of parasites are costly as well as causes the emergence of anti-parasitic drug resistance and climate change may lead to adverse impact on sustainable control measures of parasitic diseases. The integrated strategies are the most practical and promising approach to control the parasitic diseases. Considering these challenges, this symposium will focus on improving production of livestock through sustainable control of parasitic diseases.

Host Institute

The 32nd NCVP is being organized at Bihar Veterinary College, Bihar Animal Sciences University, Patna. Bihar Veterinary College is the 4th oldest Veterinary College of India, established in the Year 1927, is now a flagship of the newly established Bihar Animal Sciences University, Patna. Patna is well connected by road, rail and air from the different parts of the country. Bihar Veterinary College, Patna is located adjacent (0.5 Km) to Jayprakash Narayan International Airport, Patna and about 8 Km from Patna Railway Station, 10 Km from Rajendra Nagar Railway Station, 7 Km from Danapur Railway station and 4 Km from Patliputra Railway station.

Patna historically known as Patilputra, is the capital and largest city of the state of Bihar in India. The Buddhist, Hindu and Jain pilgrimage centres of Vaishali, Rajgir, Nalanda, Bodhgaya and Pawapuri are nearby and Patna City, which is a sacred city for Sikhs as the tenth Sikh Guru, Guru Govind Singh ji was born here. Patan Devi Shakti Peeth, Hanuman Mandir, Bihar Museum, Golghar, Eco Park, Planetarium, Budh Smriti Park, Patna Zoo etc. are the places of interest from tourism point of view. Cultural heritage Nalanda University, Rajgir and Bodh Gaya are among the most famous tourist spots of Bihar which are 120 km away from Patna. Emperor Ashoka established world first Banyan Veterinary hospital in Maurya Capital Patliputra in 238 BCE.

Scientific Sessions

This symposium will include Key note address and lead papers presentation by eminent speakers. Besides, there would be Oral and Poster presentations by the participants in following technical sessions:

1. **Epidemiology of Parasitic Diseases in Livestock, Companion and Laboratory Animals.**
2. **Diagnosis of Parasitic Diseases.**
3. **Management and Control of Parasitic Diseases.**
4. **Parasitic Infections in Wildlife, Poultry and Zoonotic Importance.**
5. **Panel Discussion on Veterinary Parasitology Education.**

*Best Oral and poster presentations will be awarded separately for faculty and students.

Call for Abstracts

Abstracts of original research work with title, names(s) of author (s), address of the institution and email of the presenting author should be typed in double space using Times New Roman font of 12 size and should not be more than 250 words. The abstract highlighting the presenting author must reach Organizing Secretary on or before 15th October, 2023 through **e-mail: 32ncvppatna2023@gmail.com**. Acceptance of the abstract for oral/poster presentation will be communicated by email after screening by the scientific committee. Poster(s) of the 4' (W) X 3' (L) size on flex material with title, name of the author(s), address of the institute, objectives, materials & methods, results and conclusion should be displayed.

Weather

The weather in the month of December will be pleasant and the temperature remains between 14°C to 28°C. Participants may come with light winter cloths to make the stay comfortable.

Transport & Accomodations

The organizing committee will provide transportation facility to the delegates from the airport and railway stations of Patna. Accommodation for delegates will be arranged in Private Hotels on payment basis as per prior request. However, limited accommodation could be available at the University Guest House, preferably for retired and elder delegates on first come first serve basis.

Awards

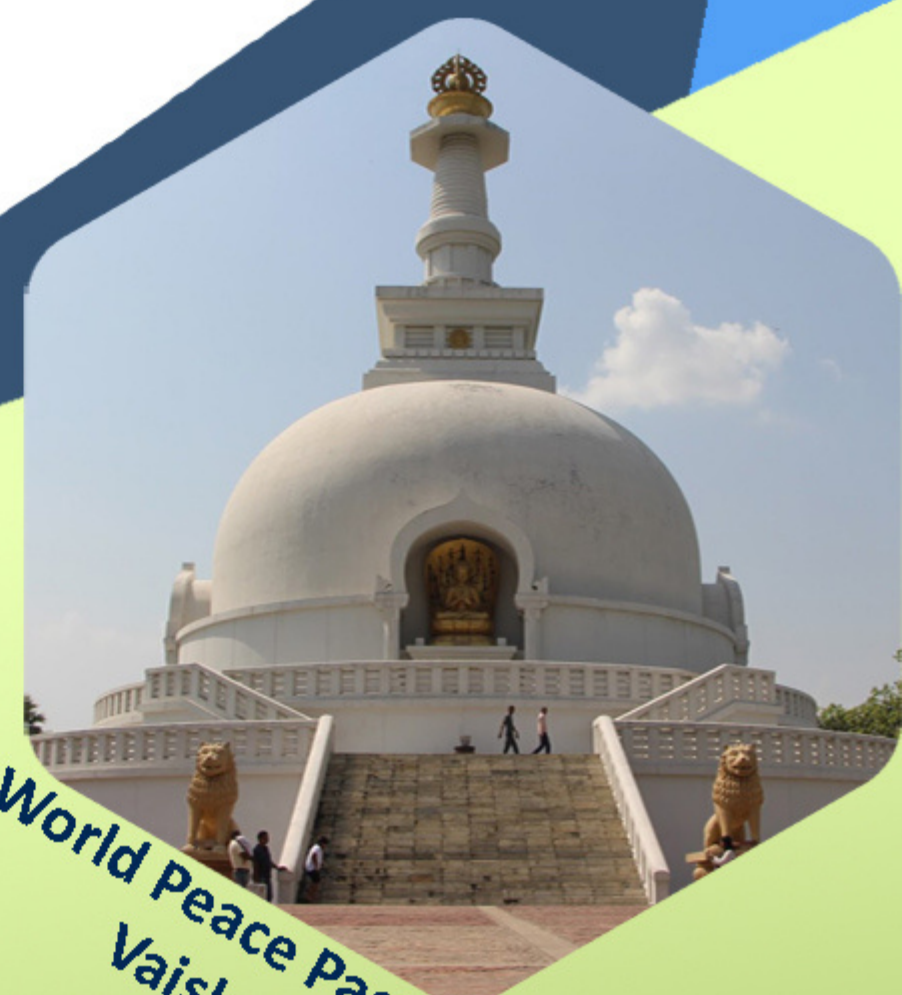

Applications are invited from the life members of IAAVP with a minimum qualification of M.V.Sc. degree in Veterinary Parasitology and not above the age of 35 years as on 31.12.2023 for Dr. J.P. Dubey Young Scientist Award for best paper presentation of Ph.D. research and for IAAVP Young Scientist Award for best Paper presentation of M.V.Sc. research. Participants are requested to send a soft copy of full length paper with an abstract (300 words) based on their original research carried out in M.V.Sc./Ph.D. in the format of Journal of Veterinary Parasitology to Dr. C. Sreekumar, Editor- In-Chief, Journal of Veterinary Parasitology, Dept. of Wildlife Science, Madras Veterinary College, Chennai-600007 (**e-mail: editorinchiefjvp@gmail.com**) on or before 10th October, 2023. Scanned copies of necessary documents like proof of age and educational qualifications should be attached with the manuscript.
