**21 days International
Online Training
Program
on**

**"Advanced Nutritional Strategies
for Enhancing Farm Efficiency
and Eco-Friendly Poultry, Fish
and Animal Production"**

01st to 26th March 2025

Organized By

Department of Animal Nutrition

**College of Veterinary and Animal
Sciences, Kishanganj**

**Bihar Animal Sciences
University, Patna**

About The College

The College of Veterinary and Animal Sciences, Kishanganj is a premier institution under Bihar Animal Sciences University, Patna. Established to strengthen veterinary education and research in Bihar, it offers undergraduate programs in veterinary sciences. It is equipped with modern laboratories, veterinary clinics and livestock farms for hands-on training. The college plays a crucial role in advancing animal health, livestock management, and rural development, contributing significantly to the state's agricultural and veterinary sectors.

Training Overview

Be part of an engaging 21-day International online training Program on "**Advanced Nutritional Strategies for Enhancing Farm Efficiency and Eco-Friendly Poultry, Fish and Animal Production**" organized by the Department of Animal Nutrition, College of Veterinary and Animal Sciences, Kishanganj.

This program explores sustainable nutrition practices to enhance animal health, productivity and profitability while reducing environmental impact. Participants will learn innovative feed optimization techniques, advanced management strategies, and eco-conscious farming methods aligned with sustainable development goals.

Ideal for postgraduate students, doctoral candidates, research scholars, and academicians, the training features renowned experts from leading Indian and global institutions, offering valuable insights into modern, sustainable animal production.
