11 Days Short-Term Training Program

On

Advanced Microbiological and

Molecular Techniques

(16 - 26 February 2026)

Organized by

**College of Fisheries, Kishanganj
Bihar Animal Sciences University, Patna**

Last date to send the Application: 20.01.2026

About the College

College of Fisheries, Kishanganj, is a constituent college of Bihar Animal Sciences University and was established on 29 August 2018. The college is unique with state-of-the-art infrastructure facilities, including centrally air-conditioned academic and administrative buildings with smart classrooms and well-equipped laboratories. The college offers 4-year degree program (B.F.Sc.), 2 years M.F.Sc. in ten specialised disciplines and Ph. D in two departments: Aquaculture and Fish Processing Technology. The College of Fisheries is committed to becoming a centre of excellence in fisheries education in the region.

About the course

In the present era of biotechnology and molecular research, the demand for technically skilled graduates in microbiology and molecular biology has increased significantly. However, many students, especially from marginalized communities, have limited access to advanced laboratory facilities and hands-on training opportunities. To bridge this gap, this short-term training program aims to provide practical exposure to modern microbiological and molecular techniques, enabling students to gain confidence, competence, and employable laboratory skills. The program will also encourage participation of Scheduled Caste (SC) students in advanced research and higher education in life sciences.

Objective

- To enhance foundational and practical skills in advanced microbiological techniques
- To equip students with hands-on experience in key molecular biology techniques.
- To build confidence, scientific temperament, and career readiness among SC students.

Eligibility

- Ph.D., Postgraduate, and Bachelor's degree students in Fisheries Science, Microbiology, Biotechnology, and other areas of Life Sciences belonging to the Scheduled Caste community having domicile of Bihar are only eligible to apply.
- Please attach the residential and caste certificates with the duly filled-in application form
- Application form must be forwarded by the student's advisor or HOD
- Eligible candidates may send their application form to the Email Id parmanandfishcos@gmail.com.
- There is no registration fee for the training program.
- **Intake capacity 25**

Travel

Travel Allowance to the participants will be paid for the journey (to and fro) for the sleeper class of Indian Railway, restricted to the maximum of the rail fare by the shortest route. Participants are required to produce money receipts/ tickets in support of their claim. The reimbursement will be made as per BASU guidelines.

Boarding and Lodging

Free boarding and lodging will be provided to participants in the College hostel facilities.

How to Reach

College of Fisheries, Kishanganj is located 22 Km away from Kishanganj Railway Station. The nearest airport to college is Bagdogra International Airport (65 km). Darjeeling, a famous hill station in the Himalayan foothills is 130 km from college. Sikkim, a north eastern state known as "land of flowers" and famous for Kanchenjunga, the world's third highest peak is 200 km from college. In Kishanganj, the month of March offers a pleasant weather with average temperature of 26°C.
